

What High Schools Say About Our Students:

"Holy Trinity School does one of the best jobs in preparing young men for a DeMatha education. Our history with their graduates has been a clear validation of the education and curriculum at Holy Trinity. Just in our past two graduating classes, their young men have gone on to Harvard University, University of Maryland College Park and Clark Atlanta, among others. EVERY year, they have students who are offered some of our top academic and music scholarships. We look forward to continuing a very strong relationship with Holy Trinity for years to come."

**Director of Admissions
DeMatha Catholic High School**

"Gonzaga has a number of students who are Holy Trinity Episcopal Day School alumni. Each of these young men was well prepared for the challenges of high school before they arrived on our campus. None have received a semester grade below a "B." This is evidence that both in and outside of the classroom, these students hit the ground running at Gonzaga. We look forward to continuing our relationship with Holy Trinity Episcopal Day School."

**Dean of Admissions and Financial Aid
Gonzaga College High School**

"Holy Trinity Students are respectful, diligent, and hard working young men. They work hard to improve upon an already firm foundation, with regards to academics and athletics. They are also caring of the others around them. A Holy Trinity student has received the first "Great Strides" award for Form III students this year. The "Great Strides" award is presented by each form's dean to a student who has demonstrated exemplary academic standing, community service and, athletic prowess."

**Form III Dean
Landon School**

"Holy Trinity Episcopal Day students are well rounded, academically prepared, and ready to contribute to student life in meaningful ways through extracurricular activities as well."

**Director of Admissions and Enrollment Management
Bishop McNamara High School**

"We love our Holy Trinity alumnae here at Elizabeth Seton High School. They are active members of the school community, contributing both inside and outside of the classroom. Holy Trinity graduates well-prepared students ready to face successfully the challenges of high school."

**Director of Admissions
Elizabeth Seton High School**

"We are proud to have Holy Trinity girls in our Madeira community. Our current senior class president is a Holy Trinity alum, as are athletes, actresses and talented students. Holy Trinity girls are able to meet the expectations we value most – be thoughtful community members, work hard in the academic arena, participate in a broad range of activities, and share their gifts and talents with the wider community. "

**Director of Admission and Financial Aid
The Madeira School**

"Holy Trinity students are well rounded, academically gifted, and open to growth. These are precisely the attributes we are looking for at Georgetown Prep. More than this, they are leaders and contribute daily to the life of our community."

**Dean of Admissions
Georgetown Preparatory School**

"We have been blessed with tremendously gifted students from Holy Trinity. They are prepared to be challenged when they arrive. Their education at Holy Trinity has helped them to grow into exceptionally well-rounded young people which is evident in their achievements academically, musically, and in co-curricular activities. Students from Holy Trinity have always been a welcome addition to the Archbishop Spalding community."

**Director of Admissions
Archbishop Spalding High School**
